\$120/\$60/\$30 1st, 2nd, 3rd Place Cash Prizes in Each Division
\$600 Grand Prize for Overall Best Project
\$50 Cash Prizes for Teachers of First Place Projects

Registration Deadline November 18

This is a regional middle school science fair. Most local schools will hold their own qualifying fairs and send the top or winning projects to this fair.

Therefore, slots for home school participants are limited. Only 10 home school projects will be accepted. We will not hold a qualifying fair and participation is not limited to PATCH.

The first 10 students to reply to me that they want to participate will be accepted. Details about the fair and specific registration form will be emailed to those 10 students.

Thanks,
Eve Silverstein
